ACCOUNT DISCLOSURES

Except as specifically described, the following disclosures apply to all of the accounts. All accounts described in this Truth-In-Savings Disclosure are share accounts.

1. RATE INFORMATION — The annual percentage yield is a percentage rate that reflects the total amount of dividends to be paid on an account based on the dividend rate and frequency of compounding for an annual period. For Savings (Share), Share Plus, Special Purpose Savings, Holiday Savings Club, and Apex Checking accounts, the dividend rate and annual percentage yield may change quarterly as determined by the Credit Union's Board of Directors. For Money Market accounts, the dividend rate and annual percentage yield may change at any time as determined by the Credit Union's Board of Directors. For Advantage Checking accounts, the dividend rate and annual percentage yield may change as determined by the Credit

Union's Board of Directors. The dividend rates and annual percentage yields are the rates and yields as of the last dividend declaration date that is set forth in the Rate Schedule. The Special Purpose Savings and Holiday Savings Club accounts are tiered rate accounts. If your average daily balance is from \$50.00 to \$4,999.99, the first dividend rate and annual percentage yield listed for this account in the Rate Schedule will apply. If your average daily balance is \$5,000.00 or greater, the second dividend rate and range of annual percentage yields listed for this account will apply. Each dividend rate will apply only to that portion of the account balance within each balance range. The Money Market accounts are tiered rate accounts. If your daily balance is from \$2,500.00 to \$9,999.99, the first dividend rate and annual percentage yield listed for this account in the Rate Schedule will apply. If your daily balance is from

\$10,000.00 to \$24,999.99, the second dividend rate and annual percentage yield listed for this account will apply. If your daily balance is from \$25,000.00 to \$49,999.99, the third dividend rate and annual percentage yield listed for this account will apply. If your daily balance is \$50,000.00 or greater, the fourth dividend rate and annual percentage yield listed for this account will apply. Once a particular range is met, the dividend rate and annual percentage yield for that balance range will apply to the full balance of your account.

2. NATURE OF DIVIDENDS — Dividends are paid from current income and available earnings after required transfers to reserves at the end of the dividend period.

3. DIVIDEND COMPOUNDING AND CREDITING — The compounding and crediting frequency of dividends and the

dividend period applicable to each account are stated in the Rate Schedule. The dividend period is the period of time at the end of which an account earns dividend credit. The dividend period begins on the first calendar day of the period and ends on the last calendar day of the period.

4. ACCRUAL OF DIVIDENDS — For all earning accounts, dividends will begin to accrue on noncash deposits (e.g. checks) on the business day you make the deposit to your account. If you close your account before accrued dividends are credited, you will not receive the accrued dividends. However, for Holiday Savings Club accounts, any accrued dividends will be paid if you close the account within seven (7) days of the date you open it.

5. BALANCE INFORMATION — To open any account, you must deposit or already have on deposit the minimum required share(s) in a primary savings account. Some accounts may have additional minimum opening deposit requirements. The minimum balance requirements applicable to each account are set forth in the Rate Schedule. The My Start Teen Checking accounts, is available for teens ages 13-17 with parent or guardian as co-signer. For Advantage Checking accounts, there is a minimum average daily balance required to avoid a service fee for the calendar month. If the minimum average daily balance requirement is not met, you will be charged a service fee as stated in the Fee Schedule. For Savings (Share), Share Plus, Special Purpose Savings, and Holiday Savings Club accounts, there is a minimum average daily balance required to earn the annual percentage yield disclosed for the dividend period. If the minimum average daily balance requirement is not met, you will not earn the annual percentage yield stated in the Rate Schedule. For Money Market accounts, there is a minimum daily balance required to earn the annual percentage yield disclosed for the dividend period. If the minimum daily balance requirement is not met each day of the dividend period, you will not earn the stated annual percentage yield. For accounts using the average daily balance method as stated in the Rate Schedule, dividends are calculated by applying a periodic rate to the average daily balance in the account for the dividend period. The average daily balance is calculated by adding the principal in the account for each day of the period and dividing that figure by the number of days in the period. For accounts using the daily balance method as stated in the Rate Schedule, dividends are calculated by applying a daily periodic rate to the principal in the account each day.

6. ACCOUNT LIMITATIONS — For Savings (Share), Share Plus, and Money Market accounts, you may make no more than six (6) transfers and withdrawals from your account to another account of yours or to a third party in any month by means of a preauthorized, automatic, or Internet transfer, by telephonic order or instruction, or by check, draft, debit card or similar order.
